SUMMARY

Frontend Developer skilled in React.js, JavaScript, HTML, CSS, and Redux Toolkit, seeking a full-time in-office internship. Experienced in building responsive web pages, integrating front-end components with back-end services, and optimizing user experiences. Proficient in code reviews, debugging, and adhering to best development practices. Passionate about creating visually appealing UIs and collaborating in a fast-paced environment. A proactive problem-solver eager to contribute innovative solutions. Available full-time for 3 months in Mumbai.

PROJECTS

Notepad | *React, Tailwind CSS, JavaScript, Routing* **View Project** February 2025

- Developed a React-based Notepad application for users to store and manage their notes efficiently.
- Designed an interactive and user-friendly interface using Tailwind CSS for a seamless experience.
- Implemented client-side routing for smooth navigation between different sections of the app.
- Integrated local storage functionality to persist user notes even after refreshing the page.
- Ensured a responsive and mobile-friendly design to enhance usability across all devices.
- Deployed the application on Vercel for easy access and scalability

The Amazon Project | *HTML, CSS, JavaScript* **View Project** November 2024

- Developed a fully functional e-commerce web application replicating core Amazon features.
- Implemented product listings, a shopping cart, checkout process, and order tracking.
- Designed a responsive and interactive user interface for seamless shopping experiences.
- Optimized performance with efficient JavaScript logic and asynchronous data handling.
- Ensured cross-browser compatibility and mobile responsiveness for a smooth user experience.

AWS Resource Tracker | *AWS, Shell-scripting, Cron Jobs* January 2025

- Developed a project to track AWS resources and retrieve updated information periodically.
- Fetched details of AWS services such as EC2 instances, S3 buckets, Lambda functions, and IAM users.
- Provided an automated way to monitor changes in AWS infrastructure efficiently.
- Implemented scheduling with cron jobs to ensure periodic updates of AWS resource data.
- Designed a scalable and efficient system to manage cloud resource tracking seamlessly.

TECHNICAL SKILLS

Languages: Java, Python, C, SQL (Mysql), JavaScript, HTML5, CSS3

Frameworks: React, Node.js, Angular, Vue.js, Tailwindcss, Bootstrap, Redux Toolkit

Developer Tools: Git, VS Code, Visual Studio, PyCharm, IntelliJ, Eclipse, Github, Shell-scripting, Linux

EXPERIENCE

Data Visualization: Empowering Business with Effective Insights | *Certificate* January 2025

- Utilized data visualization tools like Tableau and Power BI to analyze complex business data.
- Created compelling visual narratives to uncover insights from extensive datasets.
- Applied data visualization techniques to solve real-world business challenges effectively.

EDUCATION

Padmabhushan Vasantdada Patil Prathishthan's College of Engineering Chunabhatti, Mumbai
BE in Information Technology - 8.90CGPA Aug. 2023 – May 2027

D.G.Ruparel College of Arts, Science and Commerce Matunga, Mumbai
HCS, Science - 80.00 Aug. 2021 – May 2023
